**CIRCULAR**

Cir No. CGM/CS/CybSecy 5/2024-8

Dt: 23.11.2024

Sub : System Security Check– Reg

1. Digital Assets Application has been implemented to maintain a centralised repository of IT equipment.
2. In this regard, system security check (SSC) tool has been provided through Intranet -> Corp. Computer Services -> System Security Check.
3. Employees are requested to verify the SSC status of their desktop/laptop and ensure that the
  - a) device details are available in Digital Assets application and
  - b) device has joined as a member of Active directory domain
4. Employees are requested to coordinate with Computer Services Team/Unit Nodal Officers in facilitating compliance of their devices to SSC requirements.
5. Access to Application/Network Services from desktop will be regulated from 01/12/2024, in a phased manner, based on compliance to these requirements.
