CIRCULAR

Cir.No. CGM/CS/CyberSec/2024-5

Dt.13.09.24

Sub: Cyber Security Precautions – Reg

1. The following guidelines may be followed for video conferencing.
 - a) Our organization uses Lifesize & Vconsole for conducting VC meetings. Apart from these, access to Microsoft Teams VC Platform has been enabled through corporate network to facilitate meetings with external agencies.
 - b) It is recommended to attend VC meetings through browser and avoid installing desktop versions.
 - c) If desktop versions are installed, the software must be updated regularly to the latest version.
2. It is observed that Zoom VC Desktop client is installed in many laptops which may preferably be uninstalled.
3. All users are requested to uninstall Fortinet VPN client software from their laptops immediately.
