CIRCULAR

Cir.No.CGM/CS/Cyber Sec/2024-6

Dated : 18/09/2024

In order to improve cyber security, it is essential that all Desktops and Laptops connect to the network as members of Active Directory Domain.

In this regard,

1. All units are requested to ensure that all PCs and laptops are joined as members of the Active Directory (AD) Domain for maintaining centralized control over system access and security policies.
2. All employees must log in using their AD Domain accounts. Logging in with local user accounts is strictly prohibited.
3. Unit Computer Services shall submit the following information every day to monitor progress of the above exercise.
4. The above exercise may be completed on or before 25/09/2024 to maintain security standards across all units.

Unit Name	Total no of Devices (PCs & Laptops)	No of Devices joined to Active Directory	% Progress
-----------	--	---	------------

For any issues or clarifications, please reach out to the CCS & ERP team.
